To previous marker	shift + 
To master clip	shift + F

¹ Shift + Home has the same functions as the End key.

Finding ItemsFind   + Find next (in Find results)   + Find previous (in Find results)  + **Scrolling**Horizontal scroll left  + Horizontal scroll right  + Vertical scroll up Vertical scroll down **Screen Layout and Display**Custom layout 1  + Custom layout 2  + **Projects and Sequences**Import file   + New project   + New sequence   + **Browser**Toggle list/icon view  + Insert bin   + Open bins (list view) Close bins (list view) Make Favorite  + Show logging columns  + Show standard columns  + **Timeline**Create or break link   + Linked selection on or off Create or break stereo pair  + Change track size  + Clip Keyframes on or off  + Clip Overlays on or off  + Delete and leave gap Ripple delete (no gap)  + Fit sequence in window  + Lock video track  + track numberLock all video tracks  + Lock audio track  + track numberLock all audio tracks  + 

Logging and Capturing

Log clip	F2
Batch capture	⌘ + H

Playing Video

Play/Stop	space bar
Play around current	\
Play every frame	option + P
Play here to Out	shift + P
Play in reverse	shift + space bar
Play In to Out	shift + \

In and Out Points²

Set In point	I
Set Out point	O
Set video In only	J
Set video Out only	shift + J
Clear In	option + I
Clear Out	option + O
Clear In and Out	option + X
Make selection an In or Out	shift + A
Mark clip	X
Go to In point	shift + I
Go to Out point	shift + O

² In and Out shortcuts follow a simple “set-go-to-clear” scheme, using I or O for set, Shift+I or O to go to In or Out, and Option+I or O to clear In or Out.

Markers³

Add marker	M
Add and name marker	M + M
Delete marker	⌘ + ~
Extend marker	control + shift + ~
Reposition marker	shift + ~
Next marker	shift + M
Previous marker	option + M

³ Marker shortcuts follow a simple “set-next-previous” scheme, using M for set, Shift+M for next, and Option+M for previous.

Editing	
Apply default transition	$\text{⌘} + \text{⌘} + \text{T}$
Extend edit	E
Insert edit	F9
Insert with transition	$\text{shift} + \text{F9}$
Overwrite	F10
Overwrite with transition	$\text{shift} + \text{F10}$
Replace	F11
Fit to fill	$\text{shift} + \text{F11}$
Superimpose	F12
Make subclip	$\text{⌘} + \text{⌘} + \text{U}$
Slip edit	shift click In or Out
Split edit	option click In or Out
Set target video	$\text{F6} + \text{track number}$
Set target video to None	$\text{shift} + \text{F6}$
Set target Audio 1	$\text{F7} + \text{track number}$
Set target Audio 1 to None	$\text{shift} + \text{F7}$
Set target Audio 2	$\text{F8} + \text{track number}$
Set target Audio 2 to None	$\text{shift} + \text{F8}$
Trim backward one frame	I
Trim backward 5 frames	$\text{shift} + \text{I}$
Trim forward one frame	J
Trim forward 5 frames	$\text{shift} + \text{J}$
Output
